

Monkey Business

No 145 - September 2023

Written By Chris Taylor

Bunged Together By Simon Griffiths

I'm afraid this month you'll mostly be looking at pictures, as Chris has been tied up with the Lock Collectors – I think he may have his priorities wrong!

I'm sorry to say that the next couple of meetings at the Deanwater will be our last as it's closing down in mid November. It's a great shame as it's been a fabulous venue for our meetings: great staff, good food and drink and a big enough car park to cope - although it's been a bit tight to park Alvis cars on more than one occasion.

So Chris's search for a new venue has begun – if you know of any suitable spots please let him know.

I hope to see as many of you as possible for our penultimate Deanwater – not too much notice as it's tomorrow, of course!

I do hope Mike Fitkin's new mode of transport didn't tip the Deanwater owners over the edge! Fully insured, MOT'd and all road legal - he must be brave!

Charles and Judith are still staking their early claim to the Bent Valve Trophy with this venture out to the Fat Lamb with the Scottish Section

Jaguar MkIX's roofline and frontal area dwarfs the TD21
